Review Article

1- Interleukin-8 in Tissue Injury and Inflammation

Nathan Isaac Dibal, Sani Hyedima Garba, Tamunotonye Watson Jacks
Investigational Medicinal Chemistry and Pharmacology 2018; 1(1):1

Research Article

2- Catechin Derivatives from *Parkia biglobosa* Displayed Selective Cytotoxicity Towards Leukemia CCRF-CEM Cell Line and its P-Glycoprotein Expressing Subline CEM/ADR5000

Victor Kuete, Viviane R. Sipowo Tala, Armelle T. Mbaveng, Viviane Cândida da Silva, Clenilson M. Rodrigues, Augustin E. Nkengfack, Lourdes Campaner dos Santos, Wagner Vilegas and Thomas Efferth
Investigational Medicinal Chemistry and Pharmacology 2018; 1(1):2

3- Anthelmintic resistance modifying properties of extracts of *Cyperus difformis* L. (Cyperaceae)

Francis Adu, Christian Agyare, George Henry Sam, Yaw Duah Boakye, Vivian Etsiapa Boamah
Investigational Medicinal Chemistry and Pharmacology 2018 1(1):3

4- Plants- Drug Interactions Against Some Multi-drug Resistant Microorganisms Causing Urogenital Tract Infections in Cameroon

Merveille O. Tabouguia, Denis Zofou, Jelil A. Njouendou, Marie R.T. Kouipou¹, Peter N. Fon, Veronique P. Beng, Jules C. Assob Nguedia
Investigational Medicinal Chemistry and Pharmacology 2018 1(1):4

5- Polyphenolic extract of *Paullinia pinnata* leaf exhibits antidiabetic, antyperlipidaemic and antioxidant activities in alloxan-induced diabetic rats

Mikhail Olugbemi Nafiu, Adijat Funmilayo Okunlade, Abeeb Abiodun Yekeen, Musa Oyewole Salawu
Investigational Medicinal Chemistry and Pharmacology 2018 1(1):5.

6- *In vitro* Evaluation of Antioxidant and Anti-sickling properties of *Theobroma Cacao* (Sterculiaceae) extracts from East and South regions in Cameroon

Natacha L. Yembeu, Prosper C.N. Biapa, Bernard Chetcha, Flora L. Nguelwou, Christian F. Kengne, Prudence J.N. Nkwikeu, Phelix Bruno Telefo, Constant A. Pieme
Investigational Medicinal Chemistry and Pharmacology 2018 1(1):6

7- Anti-staphylococcal and antibiotic-potentiating activities of seven Cameroonian edible plants against resistant phenotypes

Hermione T. Manekeng, Armelle T. Mbaveng[†], Gaelle S. Nguenang, Jackson A. Seukep, Brice E. N. Wamba, Paul Nayim, Ngai R. Yinkfu, and Victor Kuete
Investigational Medicinal Chemistry and Pharmacology 2018 1(1):7

8- Hepatoprotective activities of *Aufranella congolensis* and *Sapium ellypticum* against carbone tetrachloride induced liver injuries in experimental rats.

Abdel Jelil Njouendou, Jules Clement Nguedia Assob, Merveille Octavie Tabouguia, Kofia Mbarawa, Peter Nde-Fon, Veronique Penlap Beng, Samuel Wanji, Alango Pepin Nkeng-Efouet
Investigational Medicinal Chemistry and Pharmacology 2018 1(1):8.

9- Antibacterial activity of four Cameroonian medicinal plants against MDR bacteria and study of mode of action

Irene Chinda Kengne, Jean-De-Dieu Tamokou

Investigational Medicinal Chemistry and Pharmacology 2018 1(1):9

10- Cytotoxicity of Lupeol from the Stem Bark of *Zanthoxylum gilletii* against Multi-factorial Drug Resistant Cancer Cell Lines

Hilder Kwamboka, Martha Moraa, Leonidah Kerubo Omosa, Armelle T. Mbaveng, Nchiozem-Ngnitedem Vaderament-Alexe, Veronicah Masila, Evans Okemwa, Matthias Heydenreich, Thomas Efferth, Victor Kuete

Investigational Medicinal Chemistry and Pharmacology 2018 1(1):10.
